THE CLASS of 1962

of

Upper Dublin High School

Fort Washington

Pennsylvania

Foreword

With a deepened maturity and an awe for the responsibilities which rest upon us as seniors, we present to you our yearbook, the representation of the academic and social world in which we have lived.

A yearbook includes those activities which are regular and it also selects those incidents which are peculiar to our mood and time in order to create an accurate and memorable record unique with each class.

We, the Class of '62, have written this book about ourselves. It is our history:

What we think about
What we look like
Our reactions ,
Our accomplishments
Our aspirations—

All that would be fun to look back on in the years to come.

We hope others will enjoy our laughter at ourselves and our pride in our accomplishments.

Being individuals, we have sought to create a book individual yet true to its purpose—crystalizing the memories and capturing the spirit of our high school years.

May we here express our sincere appreciation to those who have influenced our thoughts and actions.

The senior class presents for your approval the 1962 Mundockian.

Dedication

It is especially appropriate that we, the Senior Class, should dedicate our yearbook to a faculty member who has been solicitous in helping the students to attain a full life, well rounded in scholarship and in fun. Somehow, most teachers tend to devote their interests to a particular field. When one displays a versatility of devotion, due tribute should be paid to him. Mr. Henry Virgilio is such a person. His enthusiasm in class and over the Senior Play was definitely contagious. Everyone worked hard, because he could make work enjoyable. He also willingly sponsored the newspaper, "The Dublinaire," and the bowling team. His fine sense of humor and his interest in doing for all of us make him an individual whom we shall always remember.

Creativeness, originality, simplicity, and maturity are four keywords expressing the ideals that contributed to the development of the 1962 MUNDOCKIAN. Editing, typing, discarding, re-typing, and proofreading are all part of the exhausting, but rewarding work incorporated in the publication of this yearbook. We on the staff have worked hard together to have effective new presentations of ideas which will improve the quality of our book. We have included many "firsts" which we hope you will enjoy. By means of photographs, taken at the scenes of our activities, by sketches, and as few words as possible, we have tried to represent the atmosphere of our school and of our life.

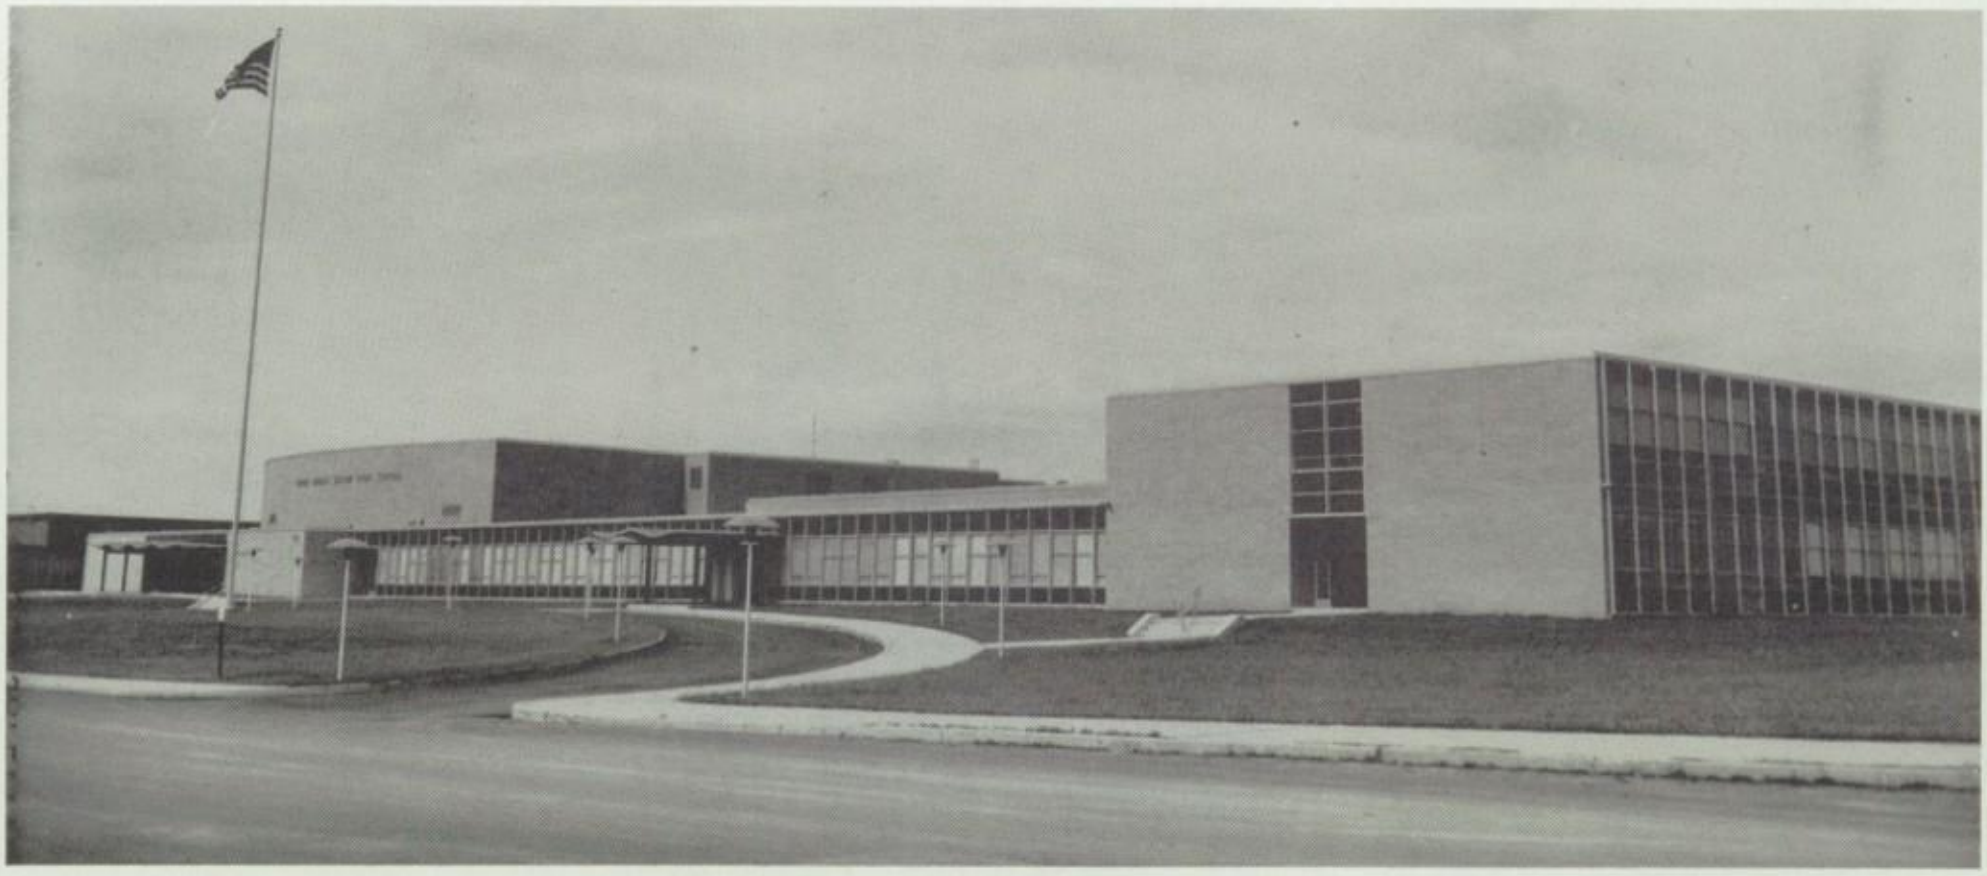
Our New High School

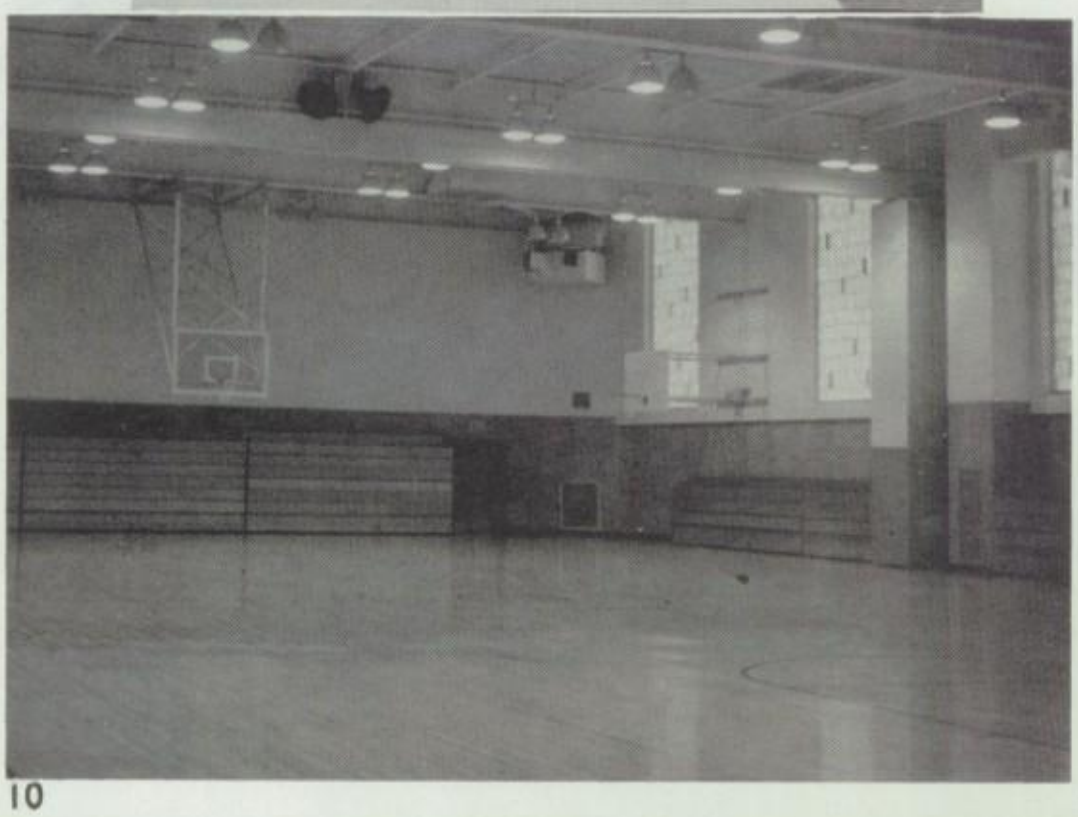


Here is presented the new Upper Dublin High School which is now fulfilling the needs of the student body and of the community. The new building is designed to accommodate 650 students. However, the cafeteria, auditorium, library and shops were planned for a 1000 student capacity.

When performances are being held in the auditorium the entrance introduces visitors to our school.

The spacious gym is a definite asset for sports as well as for promoting good school spirit during our lively games. The gym may be divided into three class areas with a total seaitng capacity of 1,228.

The modern well-equipped library provides ample study area. Five thousand volumes fill the shelves. A conference room and three offices adjoin the main section. Hall showcases are used for displays.



Attractively Completed

Over 1000 upholstered seats give complete comfort and a clear view of the stage area. The colors employed give the auditorium both beauty and simplicity. The vast and modern stage provides opportunities for student participation in dramatic, musical, and forensic performances. A great asset for the school's musicians is the use of the Baldwin grand piano and the Baldwin organ. Both are situated in the auditorium.

The spacious lobby creates an attractive entrance to the building and permits room for art exhibits and other displays.

The glass-enclosed main office is indeed a pleasant place in which to work.

The many hallways lead the students to classrooms where they are taught by well-informed faculty members.

Supervising Principal

W. W. Eshelman

Throughout his career, from a student in a one-room school in Wheatland, Pennsylvania, to Supervising Principal of the Upper Dublin Township Schools, Dr. W. W. Eshelman has attained a noteworthy record of distinguished accomplishments.

He attended Elizabethtown College where he received his A.B. degree. Subsequently, he added the degrees of L.L.B., A.M., and Ed.D., from Blackstone Institute, Columbia University, and New York University, respectively.

In 1945 Dr. Eshelman came to Upper Dublin Township from West Pottsgrove, where he had been Supervising Principal. Under his able guidance we have watched Upper Dublin grow from a small school district without a high school to call its own, to an excellent system of five elementary schools, a junior and a senior high school, with a sixth elementary school nearing completion.

He has long been prominent in the field of education, having served as president of the Montgomery County Education Association, the Southeastern District of Pennsylvania State Education Association, the Wayne-Pike County Schoolmen's Club, and the Supervising Principals of Pennsylvania. In 1959 he brought great honor to Upper Dublin Township with his election as president of the National Education Association, the largest organization of its kind in the world.

Community affairs have also received a generous share of his attention, particularly the Kiwanis Club of Upper Dublin and the Ambler Church of the Brethren.

Upper Dublin is indeed fortunate in having as its Supervising Principal as distinguished an educator as Dr. W. W. Eshelman.

High School

Principal

Norman L. Jones

Norman L. Jones was born in Pinegrove, Pennsylvania, and attended Washington Township Elementary Schools, Pinegrove High School, and then West Chester State College. He received his B.S. degree from Kutztown State College and his M.Ed. degree from Pennsylvania State University.

In 1940 Mr. Jones came to Upper Dublin Township and taught in the Matthias Sheeleigh Elementary School. His teaching career was interrupted by World War II. During this time he served in the Coast Guard for four years, and attended the Coast Guard Academy and became a Lieutenant in 1946.

Following the war, he returned to Upper Dublin Township and taught in the Fort Washington Elementary School. In 1949 he became principal of the Upper Dublin Junior High School and then the High School, where he has been ever since.

Mr. Jones is a member of the following education associations: the N.E.A., the P.S.E.A., the N.A.S.S.P., and the A.A.S.A.

Being very active in the community, Mr. Jones is on the Park and Recreation board of Upper Dublin Township, the Southeastern district Y.M.C.A. board, and is a member of the Upper Dublin Kiwanis of which he was president in 1954. He is a member of the Saint Paul's United Church of Christ.

The students of Upper Dublin Senior High School greatly admire and honor their principal, Norman L. Jones.

Guidance Counselor

To the graduating class of 1962:

Congratulations! You have now achieved one of the most sought after goals. Set your sights on further goals and keep your mind on the task. The tools to success are now in your hands and by the same determination which you applied to receiving your education, you will find life a pleasant experience. Keep peace and happiness as your ultimate goals, and you will come to realize that these can only be attained by contributing to society what you are capable of delivering.

My wishes to you are for success and happiness.

Paul D. Duelfer

Paul D. Duelfer

Activities Director

To the class of 1962:

To you, the first class that is to be graduated from our new senior high school, we wish the very best of luck. May the fruits of your labor at Upper Dublin be plentiful.

You have received the benefits of our new building—new classrooms, an excellent auditorium, a beautiful gymnasium, expansive athletic fields, and above all faculty members who were earnest in their desire to help you learn. All of these factors have contributed to your educational and physical growth and will enable you to put your best foot forward into a society as complex as complexity itself.

We know that you are ready to meet the challenges which lie before you. We also hope that we shall be able to say:

"We're proud that (--------) was a member of our class of 1962."

We also hope that you the class of 1962 will say: "I'm proud that *I* was a member of the class of 1962."

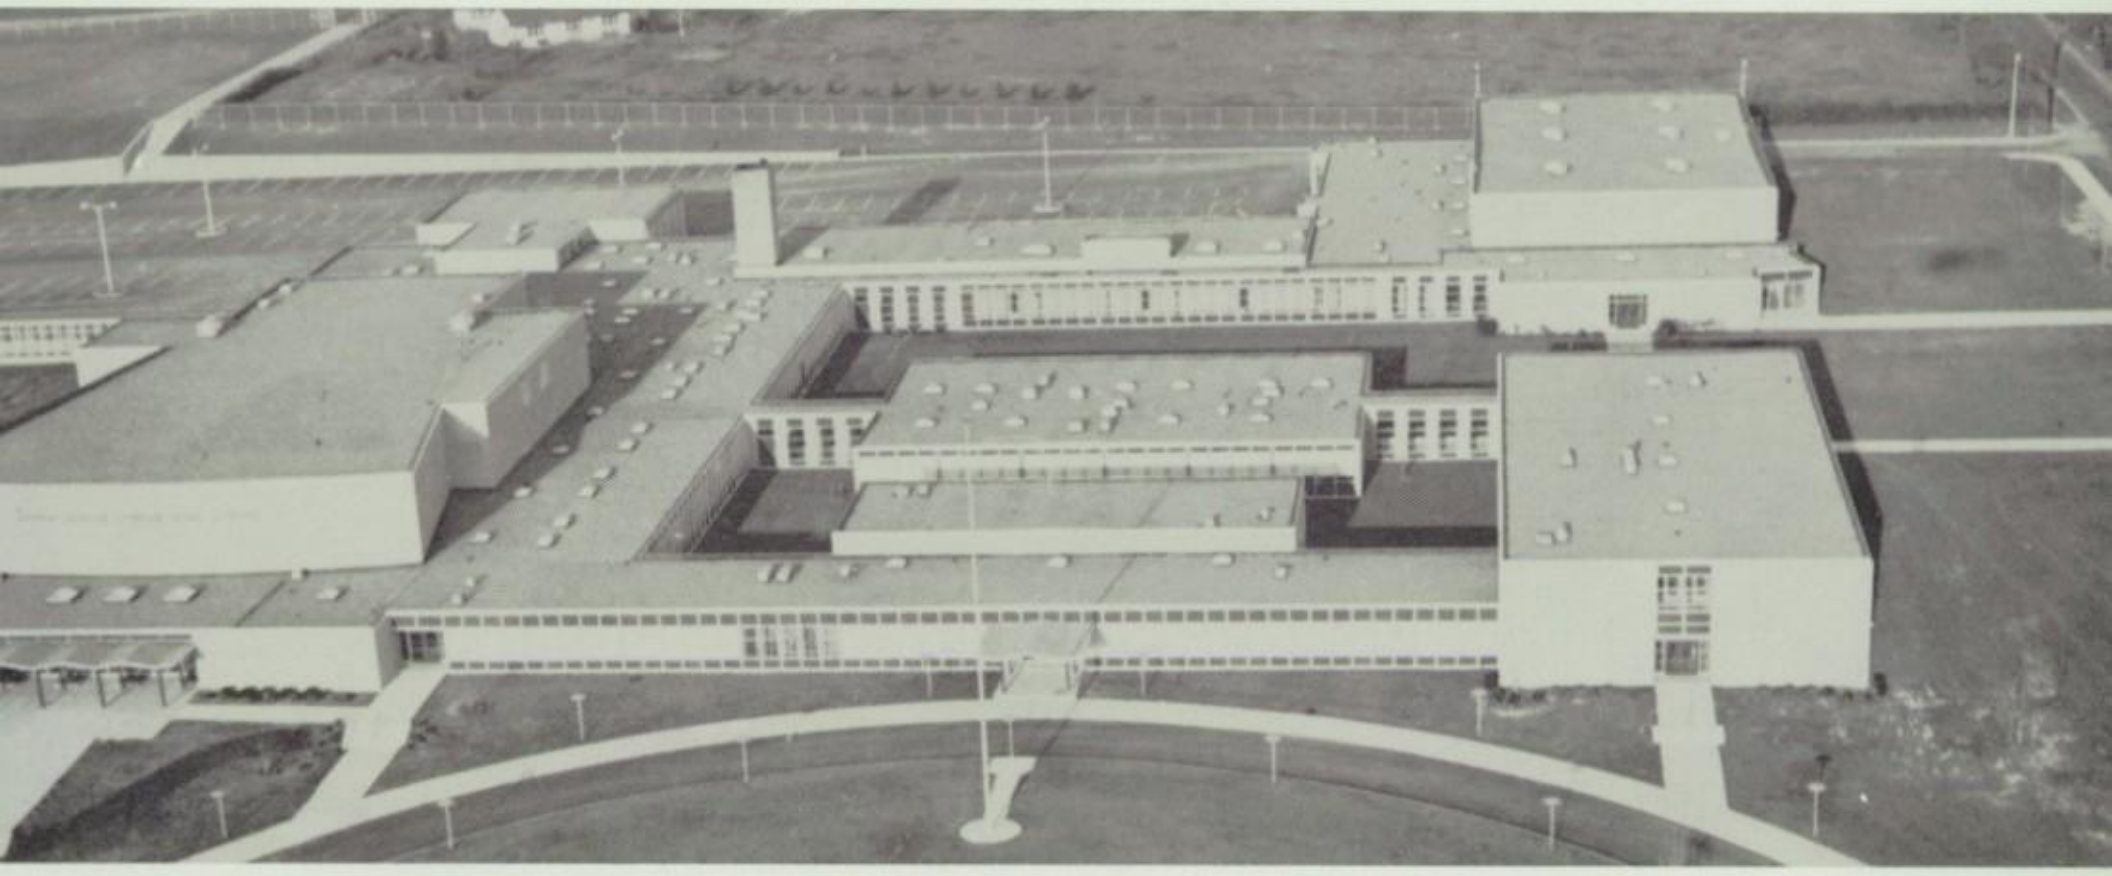
Students at Upper Dublin have a choice of following any one of the four curriculums which are offered. They may choose from College Preparatory, Commercial, Practical Arts (Industrial Arts or Home Economics), or the Fine Arts (Music or Art). A staff of well trained and experienced teachers are on hand to help each student along his chosen path of learning.

The "College Prep" course offers a wide variety of Science, English, Social Studies, and Language. Second and third year courses are offered in Spanish, French, and Latin, as well as advanced courses in mathematics.

Students following the "College Prep" course have no trouble being admitted to colleges of their choice. This is evident by the fact that 55% of our seniors go into colleges.

The Students, the Instructors



The new Upper Dublin Senior High School, completed in the fall of 1961, shares a 52 acre site with the Junior High building. It can house 650 students at the present time. The auditoruim (at left of photo) seats over 1,050 people.

Approximately 14% of our students are enrolled in the Business Education Curriculum. They are well trained in typing, shorthand, bookkeeping and Business English. Advanced courses are offered in all of these subjects. Many College Preparatory students find that a course in typing is of value to them at college.

The Commercial students are given actual practice on the high school office switchboard, all standard duplicating machines, and recording devices. It is not a bit unusual for local industries to contact the school and request that our Business students come to them for partime work after school, and permanent jobs upon graduation.

The Art Department contributes conscientiously to the school. Posters are often done for activities informing the students of upcoming fun. Mrs. Prinz provides ample training in varied fields, encouraging originality and talent. The mediums of oil, charcoal, water coloring, sculpturing, and pastels are explored.

The auditorium is the scene of all musical performances. The young talents of U.D. always do honorably, making their instructors proud of them. Newcomers to the vocal field under the direction of Mrs. Kolm include the Girls' Octet, the Boys' Chorus, and the Cambridge Trio. Besides the Marching and the Concert Band, Mr. Foust sponsors the Brass Choir and other solo groups.

Our Fine Arts Department provides an active and integral part of our school life.

The Practical Arts curriculum is quite a versatile program. For the girls taking the Home Economics there are courses in Cooking, Sewing, and Family Living. The Industrial Arts area for the boys offers Wood, Metal, and Graphic Arts shops, as well as Mechanical Drawing courses. Boys or girls can select either major offerings. Many of our college-bound boys have elected to study Engineering Drawing in the Industrial Arts area. The seniors from the Practical Arts areas find they are well trained to take their places in society upon graduation.

For the first time in the history of Upper Dublin High School, the football team has brought home a championship, even though it is shared with Lower Moreland. Both teams ended the season with a record of seven wins, no losses, and one tie. This is also the first season in which the U.D. football team wasn't defeated.

The cards lacked a home field again this year but nevertheless, they survived the monotonous weekly trips and brought back the first trophy to the new school. Also to be commended is the school spirit which was shown by the entire student body. The tremendous moral support did much for the team.

Next year's team will be lacking twelve boys due to graduation, but with the able coaching of Mr. Cunningham and his staff, the team should once again bring honor and glory to Upper Dublin.

Because of an increased amount of enthusiasm and interest in cross-country this year, the team boasted the best record ever, winning (9) and losing only (3). The girls in action

U.D.'s team and Miss Applebee

Last summer the girls' hockey team had the privilege of spending a week at The Hockey Camp in Tobyhanna, Pennsylvania. It is quite an honor to attend this camp, because only twelve school teams are invited, and Upper Dublin was fortunate to be one of them.

The girls received expert instruction from a staff of English, Welsh, Australian, and American hockey coaches and stars. The camp is under the supervision of Miss Constance Applebee, the English coach who introduced hockey into America. At the age of 86, "The Apple" still runs up and down the hockey field giving most helpful instruction and yelling her favorite expression, "Now run, you dumb things!"

It was truly a wonderful and rewarding experience for the girls to attend the camp, as was later proven by their victorious season.

Under the direction of their new coach, Mrs. Eby, the Senior High Hockey Team tied for first place in the Inter-county League. The team made a good comeback after an unsuccessful season last year. The fighting spirit of the girls was outstanding which made for a very exciting season.

The Junior Varsity also had a successful season with 6 wins, 3 losses and 1 tie.

Coach: Mr. Janetka.

With a championship tradition established by the teams of 1959 and 1960, Upper Dublin Jr. High football team took the field this year with a new coach and a mere handful of players left from last year's team. John Pavlick had replaced last year's interim coach, Carl Janetka, and faced a long, hard road in his first year of coaching. He had yet another handicap in having to introduce an entirely new system for the first time.

The team worked hard to prove they were the equal of their predecessors, but all did not look well after an opening tie with Conshohocken. Practice sessions grew more intense as the Junior Cardinals galloped convincingly over their next five opponents; and the blend of teamwork, good coaching, and Upper Dublin spirit became more evident with each game.

The stage was now set for the annual duel between East Norriton and Upper Dublin, every opportunity scheduled for the last game of the season with both teams going in undefeated. U.D. won 31 to 12 and, therefore, gave the junior high its third successive championship.

The Junior High Student Council has been making every effort to stimulate the interest of the student body, and in every council project we have had the whole-hearted support of the students. With this enthusiasm we can accomplish the goals we set out to make at the beginning of this year.

Lunchroom monitors have been appointed to aid the teachers in the cafeteria, and rules of hall traffic have been enforced to reduce corridor congestion. The council every year has had the pleasure of decorating the tree and lobby for Christmas. This year, for the first time, the council has provided the students with a Christmas program over the P.A. System. We have sponsored pep rallies to cheer our junior high teams and we have announced at a number of assemblies. Upon request, the Student Council has acted as guides at several P.T.A. meetings and we have provided dances for the Junior High Students. The balance of the money obtained this year will be used to purchase items needed by the student body.

Our two main projects of the year were to revise the old constitution to fit our new separate organization and to sponsor our annual Spring Dance.

Mr. Shoemaker, our advisor, has been a great help and we, the Student Council, wish to thank him for his guidance and encouragement. This has been Mr. Shoemaker's first year in sponsoring a Student Council.

We hope that this has been a profitable year for all and we would like to thank the students and teachers for their co-operation and support. I would like to thank the officers, Bruce Fad, Vice-President; Donna Horricks, Secretary; and Bob Kelly, Treasurer; and together with them I would like to extend the best of luck to the coming officers and members of the Junior High Student Council.

The ultimate goal of any group or team is to be on top; to win the championship! Although our team didn't achieve this goal, they did have an outstanding season, winning 11 and losing only 5. This record was good enough to secure second place for them in the league standings.

The outlook for next year is very favorable due to the return of six varsity lettermen. The members of this year's undefeated J.V. team will also prove to be invaluable.

Captain, D. Snyder; Coach, Mr. Taddei.

The satisfaction gained from having a winning season was surpassed only by the enthusiasm of the student body. This overwhelming school spirit was gratefully accepted by the team. Congratulations are also due to Mr. Taddei for having another fine season and for doing such an excellent job of coaching.

COACH CUNNINGHAM

The Senior High Junior Varsity concluded this year with only one loss in 14 encounters. The unofficial "league championship" belongs to them. It was feared that the loss of players to the varsity might hamper their ability to overpower the opponents but constant drive and determination proved this to be false. Mr. Cunningham also deserves credit for giving so freely of his time and efforts with unceasing patience.

Under the direction of their new coach, Mrs. Griffith, the Senior High girls' basketball team had a rather good season. As the girls went into their next to last game, they were tied for first place. They led all the way against Lower Moreland, but lost a heartbreaker in the last few minutes by a score of 38-40. As a result they ended the season in second place. The high scorers for the varsity were Lynn Yarrington with 79 points, Barrie Wylie with 66 points, and Pat Houston with 54 points.

The J.V.'s under the direction of Mrs. Eby had a fine season winning all of their league games. They finished with a 6 and 2 record.

The Christmas Dance held on December 15 from 9 to 12 p.m., was the last dance our senior class was to sponsor. The decorations included a large Christmas Tree in the back of the Gym, and surrounding the Gym floor were smaller trees decorated with tinsel. There were also white streamers coming down to the trees to create a beautiful waterfall effect. The band, "The Impromptones," were found on the side of the floor to play and to enchant all of the dancers.

COACH, Mr. Parker

An ever increasing school population and new and better sports facilities bring on both the need and the desire for more sports programs. For these reasons, track was added to the sports agenda this spring. An overwhelming turnout of approximately fifty-two boys showed the great interest which the students had.

Although the team does not belong to a league, it had meets with many formidable schools and a berth in the Penn Relays. The outcome of these meets was as good if not better than can be expected from a first year team. With the new knowledge and invaluable experience gained this year, the team, coached by Mr. John Parker, should have a very good season next year.

Although the golf team is playing against stiffer competition this year than any previous year, their winning record is very flattering. Mr. Taddei, the head coach, and Mr. Cunningham, the assistant coach, are well pleased with their record considering the calibre of schools which they have faced. They also played in the P.I.A.A. district tournament this year, showing favorable results.

The outlook for next year is very good. Even though there are three seniors on the team this year, there will be three returning lettermen to carry next year's burden and a bolstering crop of rookies to take up the slack.

With an ever increasing school population, it becomes necessary to introduce new activities. With this as a foundation and an ever increasing student demand, our bowling teams were formed.

Unlike most other school sports, the bowling teams are coed; and, also unlike most other school sports, the girls did much better this year than the boys. Although there is no official league that they belong to, the spirit of competition is keenly raised in their matches with teams from other schools.

A great deal of credit must be given to Mr. Virgilio for the work which he has so willingly done in an effort to improve the teams. Not only his work but the work of the bowlers too should pay off next year and in the years to come.

The baseball team's slow start this year is no reflection on both their desire and ability to play. Inclement weather at inopportune times played havoc with the batter's "eyes" and the pitcher's arms. The biggest loss of the season was to the track team which claimed many able baseball players.

COACH: Mr. McBride
ASSISTANT COACH: Mr. Wemple

For the first time in two years, the team has had a field of its own on which to practice and play their home games. A lineup of good games and an increased school spirit brought out good crowds for most of the games.

Head coach, Mr. McBride and his assistant, Mr. Wemple, are looking forward to a better season next year. Six lettermen will be lost due to graduation but a good crop of "rookies" will be coming up from the junior high.

The Junior High baseball team began its 1962 season with two new coaches. Mr. William Rocco took over the top job and Mr. John Pavlick was his assistant.

The team lost its first two games but came on strong to win all of those remaining. The hustle of the players more than made up for the lack of experience.

Unlike the fate of their "big brothers," the Junior High team wasn't affected by the formation of the track team. The loss of all but one of the starting nine to the senior high makes the outlook for next year very dim.

Junior High track, like its big brother, saw its first season at Upper Dublin this year. The opening day of practice brought out one hundred and eighteen applicants, but the squad had to be cut to approximately half that number.

There were no home meets this year due to the lack of equipment, but that should be corrected next year. The brightest spots of this season were the Penn Relays where the team took 5th place out of 13 entries and the Ardmore relays where they won this school's first track trophy. Like the Senior High, the Junior Team isn't in any league, although they hope to be in the Montco League by 1963.

Next year's outlook is very bright because of the keen interest shown for the sport in the seventh and eighth grades this year.

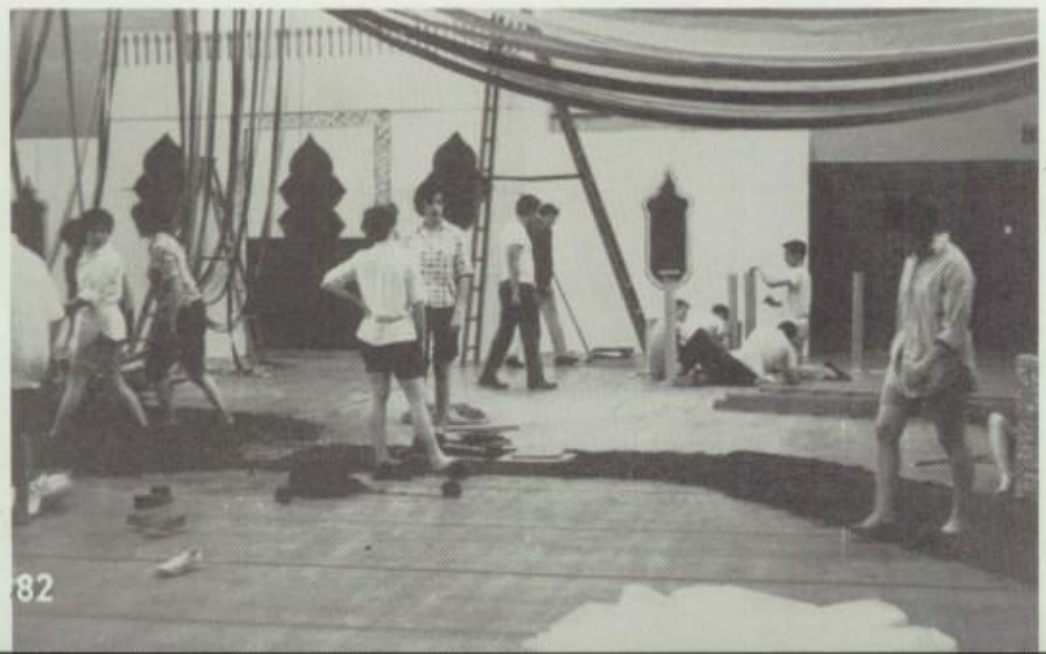
Our music makers



In preparation for the big night we spent many long hours working to make our prom a success. Cooperation and hard work were in accord during prom week, but we all know it was well worth it as we glided through the magical hours of our dreamland. At the dance we ate punch and cookies and later at Hustle Inn we ate again! A wonderful time was had by all, and although it was a misty evening spirits were not the least bit dampened.

Song of India

On May 12th the Junior Class had the pleasure of entertaining the Senior Class at the annual prom. We chose "Song of India" for a theme and used the Taj Mahal as the center of attraction at the rear of the dance floor. The Seniors were greeted by Mr. McBride, our advisor, his wife, and the Junior Class officers and their dates.

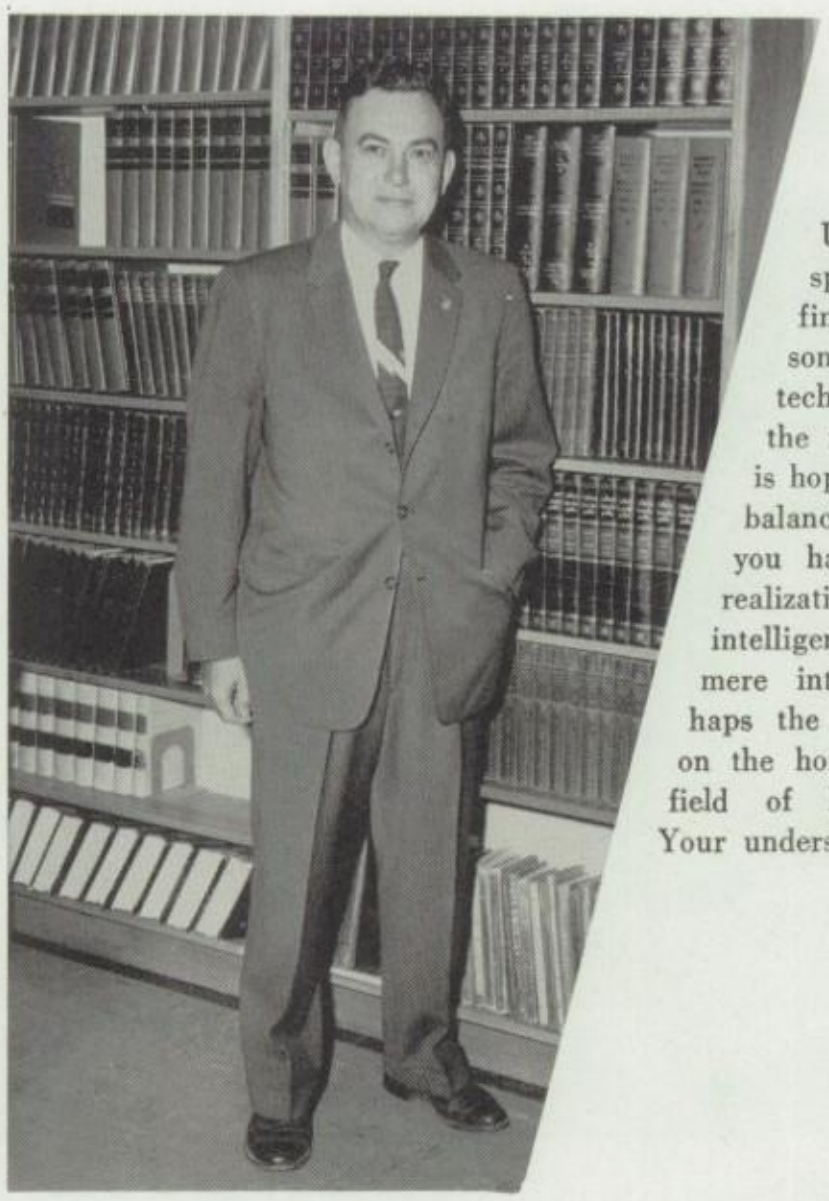
Our Concluding



These words are penned to you, the graduates of the Class of 1962.

As you leave the portals of Upper Dublin and enter into a space world, in which you will find frontiers on every side—some in the space world, some in technology and perhaps most in the realm of the humanities; it is hoped that you have developed balance in your education so that you have already come to the realization that education is truly intelligent behavior rather than mere intellectual activity. Perhaps the greatest frontier seer on the horizon ahead is in the field of human relationships. Your understanding and concern of others will be a paramount factor in securing and maintaining a peaceful world.

May we congratulate you upon this significant milestone in life and offer our best wishes to you in the years ahead.

Sincerely yours,

W. W. Eshelman
Supervising
Principal

To the class of 1962 I extend congratulations and best wishes on the occasion of your graduation and the publication of your Yearbook, "The Mundockian for 1962."

We trust that the educational experiences offered to you in the Upper Dublin Junior-Senior High School have helped to prepare you to meet the challenges of your future. In the past six years you have learned that true success with satisfaction, comes only through honest, hard work and a sincere application to the task at hand. Your future, likewise, will be blessed with the deep satisfaction of success to the degree that you participate enthusiastically and sincerely with honest and sincere efforts.

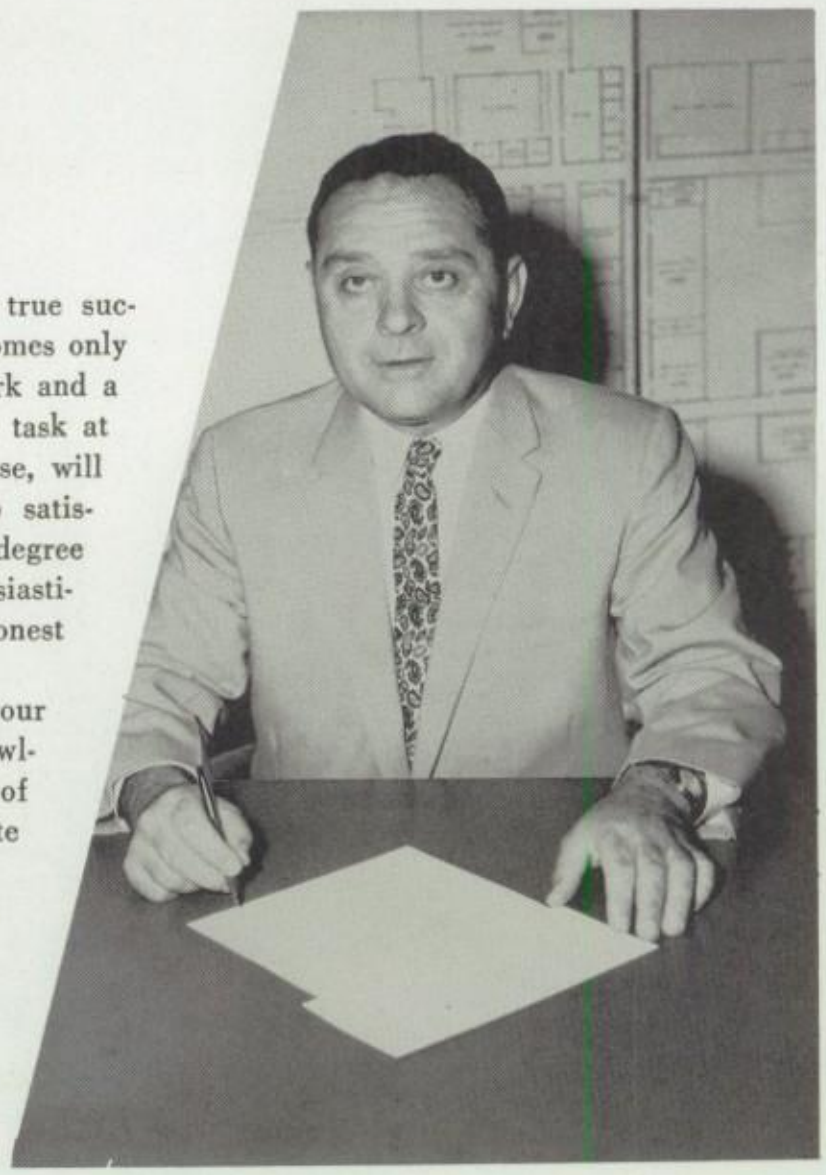
We urge you to continue your search for knowledge; for knowledge once gained casts a glow of light beyond its own immediate boundaries.

With faith in the Divine and confidence in your own abilities, you dare not fail to live a rich and purposeful life.

Our prayers and blessings go with you.

Sincerely,

Norman L. Jones
Principal



Words to You . . .

The graduating class of '62 wishes to extend its sincere gratitude to you, our advisors. Without your help our many activities might not have been so successful. Your leadership and consideration have set fine examples for us to follow. Through your guidance, you have shown us the ability of the individual as well as the group. From the bottom of our hearts we thank you for all that you have done for us.

To the class members and my fellow officers: Vice-President, Carol Neiman; Secretary, Sue Ewing; and Treasurer, Rich Layer; I offer my personal thanks for their fine cooperation throughout the year. It has certainly been a pleasure and an honor for me to work with such a fine group. To each of you, I extend my best wishes for your happiness and success in the years to follow.

Sincerely,

Richie Fad

The class of 1962 has been very fortunate. Not only have we had the honor of being the first class to graduate from the new senior high school, but also we have been able to witness the great strides that Upper Dublin High School has made during the past six years.

As president of the Class of 1962, I would like to express our sincere gratitude and admiration to the various members of the faculty and administration who have made our years so worthwhile. I would especially like to thank our two fine advisors, Miss Edna Meng and Mr. Leonard McBride, who have shown us the road to success through their guidance and moral support.

Miss Meng on the comet
the importance of choosing our courses

1958-'59 how we felt to be the oldest in Jr. Hi.
our joy when our advisors were announced
the mischievous 9C section that endured through 10th and 11th grades
our trip to New York
going up the world's tallest building
the fact that we didn't have a 9th grade play
our sizzling graduation in the gym

1959-'60 how great Sophomore sounded
the fact that we were able to participate in Sr. Hi. sports
our joy just being in Sr. Hi.
Biology and all those worms
daydreaming under the construction noise
watching our football and hockey fields being plowed
measuring for class rings

1960-'61 how much closer we were to being seniors
flashing our treasured rings in front of everyone
how crowded the halls had become
that the 7th graders seemed to get smaller every year
watching the progress of our new building
taking Driver Ed.

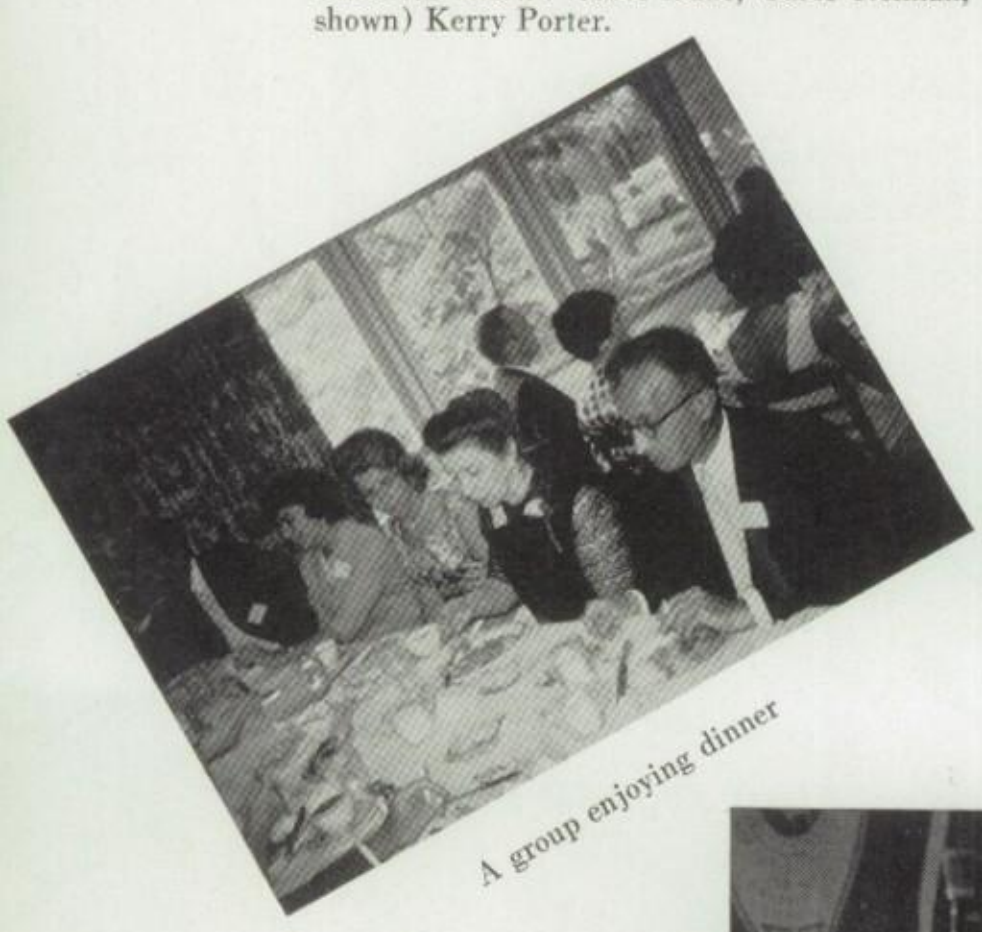
SECOND ROW: Carol Dubs, Carol Neiman, Bruce Ambler, Betty Hedrick, Walter Corson (not shown) Kerry Porter.



A group enjoying dinner

The head table

Mrs. and Dr. Eshleman, with Mr. and Mrs. Mentzinger.

The ten most academically outstanding students of the senior class were invited by the Upper Dublin Jaycees to a dinner at the Forest Inn. A delicious dinner was served to the students and their parents, after which the students were each presented with a framed certificate and a Parker pen set. President Mentzinger spoke to the gathering on "VALUES."

The group of students included Walter Corson, winner of the Math and Science awards, a top Honors award, and Commencement speaker; Carol Neiman, who held top honors for the class, and was honored with numerous recognitions; Sue Dienna, editor of the yearbook and recipient of a scholarship; Bruce Ambler, winner of the Kiwanis award, and Carolyn also have earned scholarships. Winner of the Kiwanis award for girls was Kerry Porter; Carol Bone and Gail Sacks received acknowledgement for meritable work; Carol Dubs was top Business student; Betty Hedricks received an Upper Dublin Education Assoc. Scholarship.

Baccalaureate

Happy Seniors before the Service

The annual Baccalaureate Service took place Sunday, June 3rd, at 8 P.M., in the high school auditorium with Dr. John D. Newpher, S.T.D., pastor of Christ Lutheran Church, Oreland, delivering the sermon. Assisting in the service were the Rev. Thomas R. Clay of Upper Dublin Lutheran Church and the Rev. Joseph Schultz of Trinity Episcopal Church. The Senior Chorus and the Girls' Octet offered selections.

CONGRATULATIONS AND BEST WISHES

to the

GRADUATING CLASS OF 1962

of

Upper Dublin High School

We wish you success in your continued search for knowledge and understanding. A nation is strong, happy, and productive as long as its people are more interested in creating opportunity than in seeking security, especially the kind paid for by others. The only enduring economic security is born of character and is carved by the individual with his own hands and by his own ingenuity in creating opportunity for himself and for others.
